

# Leasource Financial Services, Inc.

*Equipment finance sources are valuable!*

Having a "finance partner" with their finger on the pulse of whose lending, is a valuable association.

Low cost tax-exempt financing is available for Municipal credits from both Private Placement Sources and Public Offerings. Leasource is an SEC Registered Financial Advisor.

What remains constant amid this financial instability, is our willingness to provide "Customer Centric Service" that begins with the first contact and continues after the payment of your commission is received.

Tom Cadle, CLP  
President

*The same commitment for*

**27 Years**

*One source, one solution for  
Municipal projects and  
equipment financing.*
